Thoughts from the Chairman !

Several instances have occurred where matches have been cancelled at very short notice. The teams involved do, of course, have points deducted but the issue that concerns me is the lack of consideration for the opponents who are geared up to play and in some instances may be committed to paying for the clubroom for that night. Please think ahead – communication costs nothing!!

Divisional Championships!

A successful day and all results can be found on our League website. Thanks to Al Heuston and the Mylor Club for their donations towards the running costs.
